**Knirps**

## WARRANTY

Seit 01.01.2021 gelten 5 Jahre Garantie auf die gesamte Knirps Produktpalette. Keine Online Registrierung erforderlich - nur den Kaufbeleg aufbewahren.

From 01.01.2021 there are 5 years warranty on the entire Knirps product range. No online registration necessary. Just keep the receipt.

## KNIRPS. NACHHALTIG VON ANFANG AN. KNIRPS. SUSTAINABLE FROM THE VERY BEGINNING.

Knirps bietet seit über 90 Jahren nachhaltige Produkte in gleichbleibend hoher Qualität.

Neben konsequenter Markenführung und innovativer Produktentwicklung setzt man bei Knirps auch auf modernen Umweltschutz. Darum sind ausgewählte Designs mit Ecorepel®, der schmutz- und wasserabweisenden, PFC-freien Ausrüstung, ausgestattet; nahezu alle Stoffe sind Ökotex 100® zertifiziert.

Mit der Erfindung des Knirps vor über 90 Jahren wurde die Welt revolutioniert, die Funktion und Handlichkeit des Knirps Taschenschirms wird bis heute in mittlerweile über 50 Ländern weltweit unverändert geschätzt.

For over 90 years, Knirps has offered sustainable products with consistently high quality.

Knirps is not just a market leader and innovator—it's also at the forefront of modern environmental protection. That's why select designs come equipped with Ecorepel®, the PFC-free dirt and water repellent, and almost all our textiles are OEKO-TEX 100® certified.

When the Knirps folding umbrella was invented more than 90 years ago, it revolutionized the world. The convenience and functionality of Knirps are still valued and enjoyed in more than 50 countries worldwide.

## WIR TESTEN FÜR UNSERE KUNDEN! WE TEST FOR OUR CUSTOMERS!

Alle Knirps Produkte unterliegen strengen Belastungs- und Langzeittests. Für jede Produktserie werden eigene Standards bezüglich der Duomatic-Funktion (Auf/Zu Mechanismus) und des Überschlagens (wenn das Schirmdach durch Fremdeinwirkung (Wind, etc.) in seine entgegengesetzte

Richtung gedrückt wird) definiert.

All Knirps products are subjected to stringent stress and durability tests. We set our own standards for each product series regarding duomatic function (open/close mechanism) and flipping (when the wind blows an umbrella inside out).

|             | AUF/ZU FUNKTION<br>OPEN/CLOSE FUNCTION | ÜBERSCHLAG<br>FLIP OVER |

## MODELLÜBERSICHT | PRODUCT OVERVIEW

Damit Ihr Knirps Schirm als treuer Begleiter für viele Jahre zuverlässigen Schutz bieten kann, sollte er nach jedem Gebrauch aufgespannt trocknen. Erst wenn jegliche Feuchtigkeit verflogen ist, sollte der Schirm wieder zusammengefoldet und in seine Schutzhülle verstaut werden.

In order for your Knirps umbrella to be a trusty companion offering cover for many years, it should be opened for complete drying after each use. Only when all moisture has evaporated should the umbrella be folded closed and stored in its case.

## WINDPROOF

Um eine Beschädigung des Schirms zu vermeiden, klappt das Schirmdach durch eine sehr hohe Flexibilität der Schienen bei ungünstigen Windbedingungen um, ohne dass diese brechen.

To avoid damage to the umbrella, the canopy folds over during unfavorable weather conditions thanks to highly flexible ribs, without breaking them.

## WINDTUNNEL

Knirps Produkte werden regelmäßig im Windkanal getestet, um ihre Widerstandsfähigkeit zu prüfen.

Knirps products are wind tunnel tested on a regular basis to check their sturdiness.

## PREMIUM QUALITY

Diese Modelle sind mit hochwertigen Komponenten ausgestattet:

- Flugzeug-Aluminium – leicht, stabil und rostfrei
- Spezialbeschichtung – schnelltrocknende Stoffe
- Hochwertige Kunststoffe – lange Lebensdauer

The models are equipped with high quality components:

- Air craft quality aluminum – light, robust and stainless
- Special coating – quick drying fabric
- High-quality plastics – long life products

## STEEL COMPONENT

Stahlkomponenten machen den Schirm robust, langlebig und extrem windresistent, so dass er nur bei sehr hohen Windgeschwindigkeiten umschlägt.

Steel components make the umbrella robust, durable and extremely wind resistant, only folding over during particularly high wind speeds.

## CARBOFLEX

Knirps nutzt die CarboFlex® Technologie in speziellen Teilen, die aus Voll-Karbon gearbeitet sind. Diese Technologie macht den Regenschirm extrem flexibel und reduziert zusätzlich sein Gewicht.

Knirps uses the CarboFlex® technology in select parts which are fully made of carbon. This technology makes the umbrella extremely flexible and additionally reduces its weight.

## UV PROTECTION

Ausgezeichneter Regen und Sonnenschutz. Blockiert mindestens 95% UVA & mindestens 98% UVB Strahlen. Geprüft nach australisch/neuseeländischer Norm AS/NZS 4033:2017

Outstanding protection from rain and sun. Blocks at least 95% of UVA and 98% of UVB rays. Tested in accordance with Australia/New Zealand norm AS/NZS 4033:2017

## DUOMATIC

Einfach die Auslösetaste drücken, den Schirm schließen und erneut öffnen. Das Schirmdach öffnet wie gewohnt und schützt Sie zuverlässig vor Regen. Push the button, close the umbrella and open it up again. The canopy opens as usual and protects you reliably from rain.

## AUTOMATIC

Einfach die Auslösetaste drücken und der Schirm öffnet sich automatisch für optimalen Schutz vor dem Regen. Nach Gebrauch den Schirm am Schieber manuell nach unten ziehen und das Schirmdach klappt an die richtige Position zurück.

Push the button and the umbrella opens automatically for optimal protection from the rain. After usage pull the runner downwards and the canopy will fold back into the correct position.

## MANUAL

Schirm am Schieber einfach nach unten ziehen und Schirmdach klappt automatisch wieder in die richtige Position zurück und ist wieder bereit für den nächsten Einsatz im Regen.

Pull the runner downwards and the canopy will automatically fold back into the correct position, leaving the umbrella ready for use during the next rain shower.

## ECOREPEL

Zertifizierte, umweltfreundliche wasser- und schmutzabweisender Ausrüstung. PFC frei. Weitere Informationen: <https://www.schoeller-textiles.com/de/technologien/ecorepel>  
Certified, environmental friendly water- and dirt repellent treatment. PFC free. Find out more on: <https://www.schoeller-textiles.com/en/technologien/ecorepel>

## OEKO-TEX

Bezugsstoff erfüllt Ökotex® Standard 100  
Canopy fabric complies with Oekotex® Standard 100

HEAT SHIELD -40%  
UV 99,95% | UPF 50+

## HEAT SHIELD

Durch die Beschichtung innen bieten die Schirme höchsten UV Schutz mit zusätzlichem Hitzeschutz, da die Temperatur unterm Schirmdach bis zu 40% reduziert wird. Das Heat Shield blockiert mehr als 99,95% der UVA Strahlen und weist ausgezeichneten Sonnenschutz bei LSF/UPF 50+ aus.

Thanks to the coating on the inside, the umbrellas offer maximum UV protection with additional heat protection, as the temperature under the canopy is reduced by up to 40%. The Heat Shield blocks more than 99.95% of UVA rays and has excellent sun protection at SPF / UPF 50+.
